INTRODUCED

I. Summary:

Dual frequency GSM modem , EGSM900/1800Mhz or EGSM900/1900MHZ
 Mini size with shock-protection AL-casing
 Plug-and-play . Comply to GSM Phase2+ standard, with all necessary certification
 Voice, SMS, Fax, Data transmit, AT command remote system, especially fits for customize application

II. Specification:

- 2W- class 4,for GSM 900
- 1W-class5,for GSM 1800
- Input voltage:5V-32V
- Input current:GSM 900 @ 12V ;Idle<10mA,Voice transmission:200mA
 GSM 1800 @ 12V Idle<4.8mA,Voice transmission 100mA
- Medium STP/UTP
- Working Temperature :-20°C - +55°C
- Storage: -25°C - +70°C
- Measurement:98x54x25 mm
- Weight:130g

INFORMATION ORDER

MODEL: UT-2355 Wireless Modue to GSM Module
